Redevelopment Authority of the County of Westmoreland (RACW)

“[The focus of the Redevelopment Authority of the County of Westmoreland (RACW) is on reenergizing the county’s core communities and enticing new business, residential and recreational opportunities. By working closely with community leaders and volunteers, the RACW assists in community revitalization efforts and implements a multitude of programs that are designed and intended to remove blight and improve conditions for low-to-moderate income residents throughout Westmoreland County. Also, the RACW partners with local government and non-profit entities to implement impact projects in the county.]"

Westmoreland County Land Bank

The Westmoreland County Land Bank acquires, holds and transfers interest in real property throughout Westmoreland County as approved by the Board of Directors for the following purposes: to deter the spread of blight; to promote redevelopment and reuse of vacant, abandoned, and tax-delinquent properties; to support targeted efforts to stabilize neighborhoods; to stimulate residential, commercial and industrial development, in all ways that are consistent with goals and priorities established by ordinance #ORD-10-2013, local government partners and other community stakeholders.

Westmoreland County Agricultural Land Preservation (WCALP)

“Westmoreland County Agricultural Land Preservation Program was established in 1990 to conserve and protect agricultural lands by acquiring voluntary agricultural conservation easements to prevent the loss of productive agricultural land. The Westmoreland County program has been approved by the Pennsylvania Department of Agriculture, and operates within the guidelines of the Agricultural Security Areas Law (Act of June 30, 1981, P.L. 128, No.43). Over 80,000 acres are enrolled in Agricultural Security Areas in 21 townships and over 3,000 acres have been enrolled under an Agricultural Conservation Easement in perpetuity. The WCALP Program also promotes Clean & Green Preferential Tax Assessment, Pennsylvania’s Century and Bicentennial Farm Program and the Preserved Farm Resource Center.”

"To promote the conservation of the natural resources of the Turtle Creek watershed by:

• Conducting watershed-related educational and scientific investigations and/or research;

• Educating individuals, schools, organizations, and communities, to the value of sound conservation to protect natural resources—the basis for safe drinking water, improved flood control, invigorated quality of life, and stable property values;

• Participating in existing beneficial government or academic programs that enhance watershed protection while advancing multi-municipal cooperation; and

• Promoting local interest in the conservation of natural resources, and encouraging local support for programs that correct or improve water quality and quantity problems."

Botanical Society of Westmoreland County

c/o 582 Alexander Rd.
Latrobe, PA 15650
Website: www.botanical westmoreland.org

President
Carol Petrosky

This non-profit organization promotes appreciation of the wildflowers, trees, ferns, shrubs, mosses, grasses and mushrooms that grow in Westmoreland County and southwestern Pennsylvania. The group actively works to: insure the propagation and use of native plant species, control or eradicate invasive plants, rescue wildflowers that are on properties about to be developed and relocate them to safe havens, preserve open space, conduct botanical surveys of properties, support community beautification projects and activities that preserve and protect plants and the environment.”
